

ARE YOU A (CHRISTMAS HERO?)

All children should have the right to a happy Christmas, but far from all children experience one. Over the Christmas period, Giving People receives many cries for help from families with children who are marginalised and living in poverty all over Sweden. Desperate parents who can't give their children a happy Christmas, and children who are fully aware of their situation who do everything in their power to hide it. Giving People helps thousands of children by providing presents and meals every Christmas, but the organisation needs Christmas heroes, who can help give everyone a happy Christmas.
